CORRECTION: My apologies to you Mr. Tannehill, for the error in the February-March-April publication of the SEED POD. The two lovely hibiscus, "Edwin F. Flato" and "Dr. Hudson" mentioned in my article should have read hybridized by E. L. Tannehill...please forgive me and I hope you will soon list them with the American Hibiscus Society. Thank you, Mr. Flato, for calling this to my attention.

Our latest inquiry for membership in the American Hibiscus Society comes from Mr. H. Parra, Ap. 36 Tepic, Nay, Mexico. The gentleman's inquiry was written in Spanish and I don't dare say the number of years I had a taste of Spanish, but not all was lost, my house guest, Charlotte Hope from Montclair, N. J., came to my rescue and all is well.

SPECIAL NOTE OF THANKS from your Executive Secretary before retiring from office: May I take this opportunity to thank some of the local people who have helped me put the American Hibiscus Society before the general public, also for their interest in hibiscus: The Radio and TV Stations, WDBO, Orlando Sentinel, Corner Cupboard, Winter Park Herald-Dot McMillan, George Stuart of Orlando, and you, Pat Townsend, of Winter Garden for all your wonderful articles through your column "Garden Clubs"; my good friends Kitty Fogle, Betty Whitley and Amy Lau..if it had not been for you I don't know what would have happened to the publication of the SEED POD. I want you to know I appreciate all that you have done. Last but not least, I want all of you to know that my husband has been the most understanding one - my long hours at the typewriter - burning the mid-night oil and my trips out of town attending chapter meetings and flower shows, visiting nurseries and learning what the members wanted from the parent organization has all met with his approval. His great interest in hibiscus and the progress of the American Hibiscus Society has made it a pleasure to work with all of you and I hope our paths cross many times in the years to come. Sincerely, Billie S. Calais.
